**Attachments:** ER IGCE Template YR 3 lowerline v3.xlsx

You don't need to. I added your calculation to the Assumptions tab and added it to the PR as a new version of the IGCE, so Latrice has it. Attached is what I sent.

**Subject:** Fwd: EAS Document Notification

Are you going to respond? Adding the calculation of area and volume or should I send that previous email.

Hi Greg,

As we discussed, I made the changes to the IGCE as they came up during the call. After the call, we talked about the asphalt estimate and changed it from \$35/cu yd to \$34.76/cu yd to match the screenshot. I also changed the misc ODC cost from 33 days to 28 days because these purchases would likely not happen every day. Attached is the revised IGCE, which I have already attached to the PR and resubmitted. Let me know if you need anything else. Thanks!

I can get on a call most anytime. Better if scheduled but if I can get about a 20-30 minute notice , I can make it anytime.

As long as you still have sufficient funds from your \$200k left, we're not in that much of a hurry. Are you planning to be back next week? If not, we can try it by phone. Most of the conversation will be between you and Latrice, so it's whatever you're most comfortable with.

Hey Greg,

Latrice has rejected the RP converting the Lowerline ETO; her comments are below.

Requisition: PR-R6-19-00395

From: Latrice Williams

Attachments/Supporting Documents Need Rework; PO - You, Greg and I need to meet to discuss the IGCE. Please schedule asap.

Rework required for:

1. T&D - IGCE Page 2,
2. Restoration - IGCE Page 2 and Assumptions Tab,
3. Excavator - IGCE Page 5,

4. Single Roller for asphalt compaction - IGCE Page 5,
5. 2x2 survey meter - IGCE Page 5, and
6. Profile, sampling and processing - Assumptions Tab,

When would be a good time to meet? Thanks!

Will LaBombard
